

24 August 1979

MEMORANDUM FOR: Security Officer, RMS
FROM: Deputy Director, Information Resources Office
SUBJECT: CHB Access Badges

STATINTL 1. [] have now started to work under the direct supervision of the Deputy Director, IRO. They are currently located in our offices on the 5th floor. Both gentlemen have appropriate TS/SI/TK clearances through the Defense Nuclear Agency. They will be working on this project for IRO through October 1980.

2. In order to facilitate their access to the working space on the 5th floor, please issue each a badge equivalent to a "Conference Only" badge with limited access to the 5th floor, the elevator, and the vending machines in the basement. This arrangement would be needed until their CIA Top Secret clearance investigations are completed.

29 August 1979

MEMORANDUM FOR THE RECORD

STATINTL SUBJECT: [REDACTED]

1. Contract responsibility for the [REDACTED] was transferred to OD&E from Office of Logistics on 20 August 1979 because of the [REDACTED] security classification of the work to be performed. This change of status could impact the study and has the potential of causing problems because of delays, lack of attention by the contracting officer, etc. As a matter of fact, [REDACTED] Contracting Officer, already has told me that CIA will not sign a contract with [REDACTED] until after 1 October 1979. In the interim, a letter contract will be signed to obligate the 1979 funds.

2. Since [REDACTED] and several other contract actions have been transferred because of the [REDACTED] classification, the question arises as to why the [REDACTED] contract has not been transferred.

[REDACTED]
